I'm passionate developer who works with the MERN stack and Flutter, which involves using MongoDB, Express.js, React.js, and Node.js. I'm skilled in both creating the visual part of websites and the behind-the-scenes coding. I really enjoy making websites look great and user-friendly. I'm always learning and excited to be part of a web development team.

#### WORK EXPERIENCE

Softzane Solutions (May 2023 - )

Intern(MERN stack developer)

MERN stack developer with foundational skills in MongoDB, Express.js, React.js, and Node.js. I'm eager to learn and contribute to web development projects, with a focus on creating user-friendly interfaces. Explored various javascript libraries and tools to enhance development efficiency. Engaged in code review processes and adopt best practices in development.
